February 24, 2021

Dear Brothers and Sisters in Christ,

In these troubling times we can all use some good news. I am very happy to share with you that the Latrobe Presbyterian Church is going to have in person worship once more. With the cases of COVID-19 on the decline and with the number of people who are or will be soon vaccinated, the chances of being infected are lessening.

The Session met on Monday, February 22 and voted to reopen on March 7 with some restrictions on how we will worship together. There will be seating in every other pew. The pews in which you will be seated will indicate where seating is permitted to ensure social distancing.

We will also be requiring you to wear a mask. I know we are weary of these restrictions, and some may not be as helpful as we would hope. If we follow these guidelines it will be safer and people will feel more comfortable with these precautions in place.

As of March 1 the church will be open for our own meetings as well as those outside the church who are using our facilities. We also ask that if it is possible, you call or e-mail the church instead of making a visit during the week. We miss you and want to socialize once again, but for now and for the safety of the staff, we must use caution and take what steps seem reasonable in these times.

Keep all these things in prayer and let us know if there is anything we can do to help you through this pandemic. We look forward to seeing you again and joining together in worship as the body of Christ.

In Christ,

Rev. Ronald Durika
